

# Syed Tanzeel Maqsood

Creative and Innovative Web Developer

📍 BTM 2nd stage, Bangalore, 560076

📞 +917780834427, +91 9541550083

✉️ [syedtanzeel64@gmail.com](mailto:syedtanzeel64@gmail.com)

Motivated and dedicated professional with a passion for leveraging technology to create impactful solutions. Eager to contribute to innovative projects and grow in a dynamic environment that fosters learning and professional development. Aspiring to make a meaningful impact by delivering high-quality work and continuously enhancing expertise in the field.

## Skills

### Programming Language

Proficient in modern JavaScript (ES6+) with expertise in building dynamic and responsive web applications. Experienced in DOM manipulation, event handling, asynchronous programming, and creating reusable components using frameworks like React. Skilled in debugging and optimizing code for performance.

JavaScript

### Tools & Frameworks

HTML5/CSS3, GitHub, TailwindCSS, React, VScode

Skilled in HTML and CSS for creating responsive web designs, with expertise in TailwindCSS for utility-first styling. Proficient in JavaScript and React for building dynamic user interfaces, leveraging component-based architecture and state management. Experienced in using Git for version control, ensuring efficient collaboration and code management throughout the development process.

## Certifications

### Full-Stack Web Development

PWskills

2024

### ReactJs

simplilearn

2024

## Education

### Punjab Technical Univeristy

August 2020 to May 2024

Mohali, Chandigarh

Bachelor's in Computer Science and Engineering

7.69 GPA

## Projects

### E-Commerce Platform

#### Kashmiri Furni Shop Website

*Developed and deployed a responsive website for a furniture shop, live on GitHub, using HTML, CSS, and JavaScript.*

- Designed a simple and intuitive user interface to enhance user engagement.
- Focused on clean, maintainable code and ensured cross-browser compatibility.
- Published the project online to demonstrate front-end development skills.

### Pokedex

#### Pokédex Application

*Created an interactive Pokédex application using React, showcasing dynamic data fetching and modern UI design.*

- Built a responsive web app to display Pokémon details, including names, images, and attributes.
- Implemented API integration to fetch data dynamically from a Pokémon API.
- Focused on reusable components, state management, and optimized rendering in React.
- Published the project on GitHub for portfolio demonstration.

### Portfolio UI

*Designed and developed a modern and visually appealing portfolio website using HTML, CSS, and JavaScript.*

- Created an intuitive layout to showcase projects and skills effectively.
- Implemented interactive elements and animations to enhance user engagement.
- Focused on responsive design to ensure optimal performance across devices.
